If that Democratic Grand Jury of Kenton County will continue its good work, the public will soon know a good deal more of the iniquities of the Goebel gang.

THE Lexington Leader indulges in this strenuous language in referring to an odorous gang:

"Covington and Kenton county have certainly had their share of the Goebel and Goebelism. On the same day a Democratic primary defeated MAT HARBISON, the dead Senator's law partner and successor in the State Senate, and a Democratic Grand Jury indicts JUSTUS GOEBEL, the usurping Governor's strong brother."

We are glad to learn at least realize what the party leaders here in Lexington and throughout the state have long known—that the Goebels and Goebelism have brought nothing but curses upon Democracy, and it looks as though they intend to kick them out of the party and out of the state."

RIVER NEWS.

The Virginia will be down tonight from Pittsburgh.

The Henry M. Stanley will be up to-night for Pomeroy.

Business has been quiet on the river for several days past.

The Indians with a fine trip of passengers will pass down tonight for Cincinnati.

A syndicate with a proposed capital of several hundred thousand dollars is about to buy out the Pittsburgh, Brownsville and Geneva Packet Company and the Mason Line of packets, operating between Pittsburgh and Monongahela.

Steamboats owned by the Monongahela River Consolidated Coal and Coke Company that were within a radius of 200 miles of Pittsburgh were laid up at midnight on the morning of the Fourth of July, and every man employed on them secured a holiday.

Notwithstanding the many advances in

DIAMONDS.

Our prices are unchanged. We could go into the markets today and sell our Diamonds at wholesale at prices we are retailing them for. We prefer to give the people here the benefit of the LOW prices we are offering them for.

FINE WATCHES!

The Trusts are gradually going after the watch factories; therefore, a word to the wise is sufficient. Now is the time to buy a Watch and we are the people to buy from. Come let us show you how cheap we will sell you a good Watch.

MURPHY THE JEWELER

The wedding of Mr. Ernie Orr and Miss Maud Hall will occur Wednesday, July 1, at 2:30 P.M. at the home of Mr. and Mrs. Clark Orr, 100 West Second street. Mr. Orr is a valued associate of the Postoffice and is a young man of moral worth. Miss Hall is thoroughly well trained to make him a good wife, which embodies all attributes a woman needs, and insures for him a happy home and a loving consort.

SENSATION EXPLODED.

"Innocent Girl" Assaulted at Fire-brick Proves a "Tough Nut."

After the sensational yellow journals had expended columns and columns in space—writing about an outrage committed upon an innocent Ohio country girl at Firebrick, Lewis county, the Postoffice has a severe crimp in their soul-harrowing, hair-raising and mob-reporting story.

The girl's name is Anna Carter; her home is in Jackson county, O.; she belongs to a family of toughs, and is a bona fide graduate in the fine art of wife-crushing. She is the mother of a master to a kindred gang in the "Ladies' Sitting Room" of a booze foundry. Her face and form are said to be sufficient to stop a traction engine, while her breath would paralyze a natural gas-well.

QUESTION ANSWERED.

August Flower still has the latest rage of anything in the civilized world. Your mothers and grandmothers never thought of using one for Indigestion or Diabetes. Doctors say it is good for the heart, and for Nervous Prostration or Heart Failure, etc. They used August Flower to treat the system with a powerful tonic, and to remove the effects of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and had little headaches when the heart did not beat right. It is a green August Flower in liquid form, to make satisfied those in nothing serious, the master of all diseases, the great Alkaline. For sale by Jas. Wood & Son, Druggists.

THE STEEL STRIKE.

One of the Subsidiary Companies to the Steel Corporation Signs the Scale.

ACCEPTS THE CONTINUOUS CLAUSE.

The Scale of the La Belle Iron Co. for the Fuddlers and Bar Iron Men Was Signed.

A Complication Has Arisen, Which May Affect the Action to Be Taken at the Conference Begun Yesterday.

Pittsburgh, July 8.—The National Steel Co., one of the subsidiary companies of the United States steel corporation, has signed the special steel scale for the big steel plant at Mingo Junction, West Virginia. This is one of the largest plants in the country outside of the Carnegie works. This is the first of the scales of the National Steel Co. to be signed. It shows that the National Co. is willing to accept the continuous clause, including the provision to sign for all the mills.

At Steubenville late Saturday night the scale of the La Belle Iron Co. for the puddlers and bar iron men was signed.

A complication has arisen which may have an important effect on the action to be taken at the conference beginning Wednesday. According to the Amalgamated Association of Iron, Steel and Tin Workers and representatives of the steel sheet and steel hoop companies to settle the wage scale.

On Saturday 12 men were discharged from the Wellsville, Ohio, steel plant, an underlying company of the United States steel corporation. No reason was given, but the men say it was because the discharged men were known to have been active in unionizing the plant. President Shaffer, of the Amalgamated, has issued a statement calling upon all labor men in the mill to strike Monday. He is determined that the scale must be signed for all mills alike, and will take no chances on a settlement of the existing troubles by the conference to be held this week.

TERrible RAIN STORM.

The Damage to Farm Lands in the Vicinity of Lynchburg, Tenn., Was Great.

Nashville, Tenn., July 8.—A rain storm approaching a cloudburst swept over Lynchburg, Moore county, and its vicinity. Mulberry creek, which half way encircles the town, rose ten feet in less than 40 minutes, washing away houses, fences and buildings. The post office at County Line had to be anchored to prevent its being demolished. The damage to farm lands is very heavy. Thousands of rails were lost and much wheat in stocks swept away. In some instances the growing crops had been flattened. On the farm of Mr. Callicle, where wheat threshing was in progress, the thrasher and a loaded wagon were carried some distance by the flood. No loss of life has been reported.

CAUSED BY JEALOUSY.

Edward Luthy Shot and Killed His Wife and Then Turned the Weapon on Himself.

New York, July 8.—Edward Luthy, 43 years of age, a bookseller on the east side of the city, who lived with his wife, Abbie L. Luthy, and four of their children by a former husband, killed his wife by shooting her in the head Sunday evening after she had taken refuge on a fire escape. Then he shot himself, but may recover. Dozens of persons were on the scene, and the police, who found the Luthys dead, saw the woman killed and saw her body fall from one landing of the fire escape to the one below. Jealousy and a quarrel are supposed to have been the cause of the shooting.

THE KANSAS WHEAT CROP.

There is a Shortage of Cars to Move It. Although the Marketing Has Barely Begun.

Kansas City, July 8.—There is a shortage of cars to move the Kansas wheat crop, although the marketing of the crop is well under way. The wheat, which was harvested early, started much earlier this year owing to the fine harvest weather, and the railroads, it is reported, are unable to care for it. One railroad has contracted for 1,600 new cars to be delivered this month.

shot Through the Heart.

Waco, Tex., July 8.—Sam Smith, aged 20, was shot and instantly killed by his Fayette County employer, Sam Stewart, if he was involved by some one touching her and after a search Stewart found a man concealed in the yard. He got no response to calls and fired twice. Both bullets passed through Smith's heart. Smith was a cousin of Mrs. Stewart.

Destructive Forest Fire.

Buena Vista, Col., July 8.—A forest fire southwest of here has destroyed many thousand acres of the world's valuable timber. The pine crop of Pino is in danger of being wiped out. It is impossible to get any definite news from there Sunday night.

Acetelene Gas Explosion.

Milwaukee, Wis., July 8.—W. E. Fitzgerald, one of the officers of the American Shipbuilding Co., was injured by an explosion of acetelene gas at his summer home at Lake Nagawicka late Saturday night and died Sunday.

Six Prisoners Escape.

Dickinson, N. D., July 8.—Six prisoners escaped from the jail Sunday. McDonald and Hummel, notorious cattle thieves, were among the fugitives.

Gov. Wood's Condition.

Hanover, N. H., July 8.—The condition of Gov. Wood, who has been suffering from typhoid fever, is now much improved.

MRS. M'KINLEY.

Her Condition Continues Favorable and Expected No Relapse as the Result of Her Trip.

Canton, O., July 8.—A quiet, restful and pleasant day is reported at the McKinley home Sunday evening. The president and his wife, and Mrs. Morgan, during the morning, drove to Westlawn cemetery and placed flowers on the graves of the McKinley children and other relatives buried there, and spent the remainder of the day at home. During the afternoon they sat on the porch for a while to enjoy the cool breezes that swept over it. Only a few callers appeared at the house, and they were intimate friends or relatives. Sunday evening Mr. and Mrs. M. C. Barber and their children and Judge and Mrs. W. H. Brewster dined and remained to spend the evening. No plans for the future have been announced. Mrs. McKinley's condition continues favorable and she has expected no relapse as the result of the trip. The weather here is pleasantly cool.

THE DEADLOCK.

Committees Have Taken to Themselves Too Much Authority in Dealing with the Chinese.

Peking, July 8.—The minister of one of the great powers told a press representative that a leading cause for the present apparent deadlock was the fact that the various committees had taken to themselves too much authority in dealing with the Chinese. He said that the Chinese were dependent upon the Chinese agreeing to certain conditions which other ministers afterward found it impossible to accept.

Another factor of considerable importance, he said, was the commercial factor, involving the right of free government. He was requested to deal with China and the application of the most favored nation clause.

In his opinion the first difficulty can be overcome shortly, but the commercial issue must be eliminated if it is likely to prove a definite stumbling block.

TRANSPORT MCPHERSON.

The Wrecked Steamer After Five Months' Work Busted and Towed to New York.

New York, July 8.—Two Merritt & Chapman wrecking steamers arrive Sunday from Matanzas, bringing into port the United States transport McPherson, which went ashore February 4 about 11 miles west of Matanzas. The two men who were on board the ship, members of the transport, many times the holes in the bottom were stopped only to work open again by unfavorable weather. The transport was finally hauled off June 1 and taken to Matanzas. After a month's work in preparing the wrecking vessel for the three steamers sailed June 30 for this port.

MRS. NATION'S CRUSADE.

It Caused a Jury to Find That One of Kansas' New Liquor Laws Was Unconstitutional.

Fort Scott, Kan., July 8.—A jury of the most prominent business men of Fort Scott was just four minutes in finding one of the state's new liquor laws unconstitutional. It was the inquisition law, which authorizes county attorneys to summon any examine witness touching their knowledge of the violation of the law.

Dan F. Campbell, an attorney, who was summoned, refused to testify and was arrested. The jury acquitted him, though he admitted the charge.

Her Condition Continues Favorable and Expected No Relapse as the Result of Her Trip.

Canton, O., July 8.—A quiet, restful and pleasant day is reported at the McKinley home Sunday evening. The president and his wife, and Mrs. Morgan, during the morning, drove to Westlawn cemetery and placed flowers on the graves of the McKinley children and other relatives buried there, and spent the remainder of the day at home. During the afternoon they sat on the porch for a while to enjoy the cool breezes that swept over it. Only a few callers appeared at the house, and they were intimate friends or relatives. Sunday evening Mr. and Mrs. M. C. Barber and their children and Judge and Mrs. W. H. Brewster dined and remained to spend the evening. No plans for the future have been announced. Mrs. McKinley's condition continues favorable and she has expected no relapse as the result of the trip. The weather here is pleasantly cool.

THE DEADLOCK.

Committees Have Taken to Themselves Too Much Authority in Dealing with the Chinese.

Peking, July 8.—The minister of one of the great powers told a press representative that a leading cause for the present apparent deadlock was the fact that the various committees had taken to themselves too much authority in dealing with the Chinese. He said that the Chinese were dependent upon the Chinese agreeing to certain conditions which other ministers afterward found it impossible to accept.

Another factor of considerable importance, he said, was the commercial factor, involving the right of free government.

In his opinion the first difficulty can be overcome shortly, but the commercial issue must be eliminated if it is likely to prove a definite stumbling block.

TRANSPORT MCPHERSON.

The Wrecked Steamer After Five Months' Work Busted and Towed to New York.

New York, July 8.—Two Merritt & Chapman wrecking steamers arrive Sunday from Matanzas, bringing into port the United States transport McPherson, which went ashore February 4 about 11 miles west of Matanzas.

The two men who were on board the ship, members of the transport,

many times the holes in the bottom were stopped only to work open again by unfavorable weather.

The transport was finally hauled off June 1 and taken to Matanzas. After a month's work in preparing the wrecking vessel for the three steamers sailed June 30 for this port.

MRS. NATION'S CRUSADE.

It Caused a Jury to Find That One of Kansas' New Liquor Laws Was Unconstitutional.

Fort Scott, Kan., July 8.—A jury of the most prominent business men of Fort Scott was just four minutes in finding one of the state's new liquor laws unconstitutional. It was the inquisition law, which authorizes county attorneys to summon any examine witness touching their knowledge of the violation of the law.

Dan F. Campbell, an attorney, who was summoned, refused to testify and was arrested. The jury acquitted him, though he admitted the charge.

THE KANSAS WHEAT CROP.

There is a Shortage of Cars to Move It. Although the Marketing Has Barely Begun.

Kansas City, July 8.—There is a shortage of cars to move the Kansas wheat crop, although the marketing of the crop is well under way. The wheat, which was harvested early, started much earlier this year owing to the fine harvest weather, and the railroads, it is reported, are unable to care for it. One railroad has contracted for 1,600 new cars to be delivered this month.

shot Through the Heart.

Waco, Tex., July 8.—Sam Smith, aged 20, was shot and instantly killed by his Fayette County employer, Sam Stewart, if he was involved by some one touching her and after a search Stewart found a man concealed in the yard. He got no response to calls and fired twice. Both bullets passed through Smith's heart. Smith was a cousin of Mrs. Stewart.

Destructive Forest Fire.

Buena Vista, Col., July 8.—A forest fire southwest of here has destroyed many thousand acres of the world's valuable timber. The pine crop of Pino is in danger of being wiped out. It is impossible to get any definite news from there Sunday night.

Acetelene Gas Explosion.

Milwaukee, Wis., July 8.—W. E. Fitzgerald, one of the officers of the American Shipbuilding Co., was injured by an explosion of acetelene gas at his summer home at Lake Nagawicka late Saturday night and died Sunday.

Gov. Wood's Condition.

Berlin, July 8.—John Garner, fatally shot his wife, Mrs. Willingham, and took his own life.
